

(c)(1) Each receipt must set out in its written or printed terms the tare and the net weight of the bale represented thereby. The net weight shown on the warehouse receipt shall be the difference between the gross weight as determined by the warehouse at the warehouse site and the tare weight. The warehouse receipt may show the net weight established at a gin if:

(i) The gin is in the immediate vicinity of the warehouse and is operated under common ownership with such warehouse or in any other case in which the showing of gin weights on the warehouse receipts is approved by CCC; and

(ii) Gin weights are permitted by the licensing authority for the warehouse.

(2) The tare shown on the receipt shall be the tare furnished to the warehouse by the ginner or entered by the ginner on the gin bale tag. A machine card type warehouse receipt reflecting an alteration in gross, tare, or net weight will not be accepted by CCC unless it bears, on the face of the receipt, the following legend or similar wording approved by CCC, duly executed by the warehouse or an authorized representative of the warehouse:

Corrected (gross, tare, or net) weight,
(Name of warehouse),
By (Signature or initials),
Date.

(3) Alterations in other inserted data on a machine card type warehouse receipt must be initialed by an authorized representative of the warehouse.

(d) If warehouse storage charges have been paid, the receipt must show that date through which the storage charges have been paid.

(e) If warehouse receiving charges have been paid or waived, the warehouse receipt must show such fact. Except for bales stored in the States of Alabama, Florida, Georgia, North Carolina, South Carolina, and Virginia, if receiving charges due on the bale include a charge, if any, for a new set of ties for compressing flat bales tied with ties which cannot be reused, the warehouse receipt must indicate the receiving charges and include a charge for new set of ties. If the bale is stored at a warehouse not having compress facilities and bales shipped from the warehouse are normally compressed in

transit, the warehouse receipt must show the bale ties are not suitable for reuse when the bale is compressed and charges will be assessed by the nearest compress in line of transit for furnishing new bale ties.

(f) In any case where loan collateral is forfeited, any unpaid storage or receiving charges, not to exceed the amount that accrued from the date that all necessary documents were received by CCC to the maturity date, will be paid to the warehouse by CCC after loan maturity or as soon as practicable after the cotton is ordered shipped by CCC.

(g) The warehouse receipt must show the compression status of the bale; *i.e.*, flat, modified flat, standard, gin standard, standard density (short), gin universal, universal density (short), or warehouse universal density. The receipt must show if the compression charge has been paid, or if the warehouse claims no lien for such compression.

§ 1427.12 Liens.

If there are any liens or encumbrances on the cotton tendered as collateral for a loan, waivers that fully protect the interest of CCC must be obtained before disbursement even though the liens or encumbrances are satisfied from the loan proceeds. No additional liens or encumbrances shall be placed on the cotton after the loan is approved.

§ 1427.13 Fees, charges and interest.

(a) A producer shall pay a nonrefundable loan service fee to CCC or, if applicable, to a loan servicing agent, at a rate determined by CCC. Such fee shall be in addition to a cotton clerk fee paid under paragraph (b) of this section. The fee amounts are available in State and county offices and are shown on the note and security agreement. Fees shall be deducted from the loan proceeds.

(b) Cotton clerks may only charge fees for the preparation of loan or loan deficiency payment documents at the rate determined by CCC.

(1) Such fees may be deducted from the loan or loan deficiency payment proceeds instead of the fees being paid in cash.

§ 1427.14

7 CFR Ch. XIV (1-1-04 Edition)

(2) The amount of such fees is available from CCC and is shown on the note and security agreement.

(c) Interest which accrues for a loan shall be determined under part 1405 of this chapter. All or a portion of such interest may be waived for a quantity of upland cotton which has been redeemed under § 1427.19 at a level which is less than the principal amount of the loan plus charges and interest.

(d) For each crop of upland cotton, the producer, as defined in the Cotton Research and Promotion Act (7 U.S.C. 2101), shall remit to CCC an assessment which shall be transmitted by CCC to the Cotton Board and shall be deducted from the:

(1) Loan proceeds for a crop of cotton and shall be at a rate equal to one dollar per bale plus up to one percent of the loan amount; and

(2) Loan deficiency payment proceeds for a crop of cotton and shall be at a rate equal to up to one percent of the loan deficiency payment amount.

(e) If the producers elects to forfeit the loan collateral to CCC, the producer shall pay to CCC, at the rates that are specified in the storage agreement between the warehouse and CCC, the following accrued warehouse charges:

(1) All warehouse storage charges associated with the forfeited cotton that accrued before the date that all required documents were provided to CCC; and

(2) Any accrued warehouse receiving charges associated with the forfeited cotton, including, if applicable, charges for new ties as specified in § 1427.11.

The Transmittal shall show the amounts invested by the person, firm, or financial institution in the marketing assistance loans or loan deficiency payments.
